RE: **I-91 ROCKINGHAM BRIDGES**

DATE: 05/05/17

The following is a more detailed update of the construction to take place for the I-91 Rockingham Bridges #24S & 24N project over the Williams River for the week beginning May 08, 2017.

Monday – Traffic control will be present on both roads:

- Erosion control measures to begin at the entrance of Golden Hill Road.
- Tree cutting operations in the intersection area of Golden Hill Road & School Bus Depot Road to prepare for widening the intersection.

Tuesday – Traffic control will be present on both roads:

- Truck traffic expected delivering material to the Golden Hill/School Bus Depot intersection to begin the widening.

Tuesday/Wednesday:

- Weather permitting, line striping on the I-91 southbound bridge deck – this operation will only take one day and will happen on the first day weather allows – Tuesday/Wednesday? Traffic control will be present allowing for one lane of traffic through the construction zone.

Wednesday thru Friday – Traffic control will be present on both roads:

- Continued work to complete the widening of said intersection.
- Residents of Golden Hill Road should expect heavy truck traffic delivering material to the bottom of the road as a work area is prepared.

Please note the posted speed limit on I-91 within the construction zone will be reduced to 55mph and will be strictly enforced.
